

## Merrill Perspectives Podcast, Women Rising

Women have made enormous gains socially, professionally and economically in the last few decades. And progress is being made on challenges that remain, such as the ongoing wage gap with men and balancing work with life's other demands.

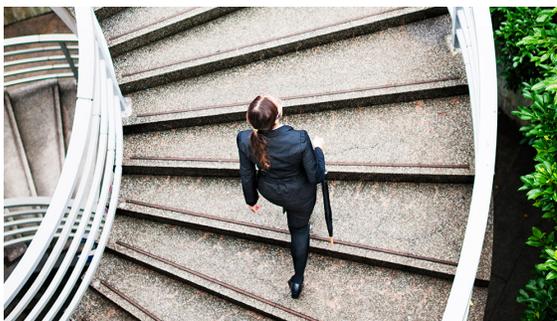

In "[Women Rising](#)"—part of the new season of our *Merrill Perspectives* podcast series—our hosts explore the unique life journeys many women face, and how a different approach to saving, investing and planning for the future could help women pursue their best financial lives.

Offering their insights are Candace Browning, Head of BofA Merrill Lynch Global Research; Lorna Sabbia, Head of Retirement & Personal Wealth Solutions at Bank of America; and Marci McGregor, senior investment strategist for Merrill and Bank of America Private Bank.
